This document was developed as part of a wider project funded by Welsh Government (WG) to prepare and support practitioners to deliver the new ESW Suite of qualifications. This document was produced by ColegauCymru, working with WG and Awarding Bodies to ensure coherence and consistency.

It is intended that it is used in conjunction with Awarding Bodies' 'ESW Suite of Qualifications Handbook' to ensure that practitioners are aware of regulatory requirements as well as those associated with effective delivery. Please note that for assessment and qualification achievement purposes, any requirements in the Awarding Bodies 'ESW Suite of Qualifications Handbook' take precedence.

All information contained in this guidance is correct at time of publishing.

Essential Skills Wales Suite: implementation, delivery and assessment guidance for practitioners, assessors and learners

- Audience**
- Practitioners and assessors delivering qualifications within the Essential Skills Wales Suite from September 2015 (the qualifications)
 - Individuals conducting internal and external quality assurance of the qualifications
 - Learners undertaking any or all of the qualifications.

- Overview** This document:
- Should be read in conjunction with the Awarding Bodies' 'ESW Suite of Qualifications Handbook'**
 - provides information and guidance relating to the rationale for the qualifications and outlines their characteristics
 - includes subject-specific (Essential Application of Number Skills, Essential Communication Skills, Essential Digital Literacy Skills and Essential Employability Skills) guidance on assessment and access requirements for those involved in implementing and/or quality assuring the qualifications
 - incorporates guidance for learners which reflects the purpose and relevance of the qualifications in education and work-based contexts and explains assessment requirements.

Action required Practitioners, assessors and individuals conducting internal and external quality assurance roles can use the relevant ESW qualification document to inform and guide implementation, delivery and quality assurance to meet policy and specification requirements.

Learners can use this guidance to help them achieve the qualifications. It is however appropriate for learners at Entry Level and on L1 programmes to be assisted in interpreting and using this guidance.

Guidance Documents available are:

- Essential Application of Number Skills
- Essential Communication Skills
- Essential Digital Literacy Skills
- Essential Employability Skills

Introduction

This document provides key information and guidance to assist the effective delivery, assessment¹ and quality assurance of all qualifications within the Essential Skills Wales Suite implemented from September 2015 (the qualifications). In addition, it provides guidance on the content and assessment of the qualifications specifically for learner reference and use.

The rationale for change is explained, with an overview of common features and assessment requirements applicable across the qualifications. Essential Skill-specific detail is provided outlining assessment requirements at each level. The document also acknowledges that practitioners will be delivering specifications provided by a range of awarding bodies and provides links to their documents.²

Essentially, the guidance seeks to assist effective and consistent implementation of the qualification by ensuring that:

- Practitioners have access to clear information on the rationale for and common elements in the qualifications
- Practitioners, assessors, learners and individuals involved in quality assurance of the qualifications are notified of the timescales that apply to implementation and assessment
- Practitioners and assessors are provided with explanation and amplification of assessment requirements across all Essential Skills at each available level
- Individuals involved in the quality assurance of the qualifications are made aware of requirements designed to secure robust standards
- Learners have useful information on the content of the qualifications and how they will be assessed.

The existing Entry Level subject specifications are available from Qualification Wales.

Rationale

The availability of a range of qualifications to promote effective acquisition of skills for application in education, work and life is fundamental to successful implementation of the skills agenda in Wales.

In 2010, Key and Basic Skills qualifications were superseded by Essential Skills Wales (ESW), which established a coherent suite of qualifications and standards to enable progression from Entry Level 1 to level 4. Communication, Application of Number and Information and Communication Technology qualifications were complemented by Wider Key Skills (Working with Others, Improving Own Learning and Performance and Problem Solving) to provide a balanced and comprehensive offer supporting development of skills in learning, employment and life contexts.

In September 2015 ESW qualifications and Wider Key Skills were replaced by a new suite of Essential Skills, established in response to the recommendations of the Review of Qualifications (2012).

<http://gov.wales/docs/dcells/publications/121127reviewofqualificationsen.pdf>

The Essential Skills Wales Suite (the qualifications) incorporates:

- Essential Application of Number Skills (EAoNS)
- Essential Communication Skills (ECommS)
- Essential Digital Literacy Skills (EDLS)
- Essential Employability Skills (EES)

The Review of Qualifications recommendations proposed revised and more reliable assessment for Communication and Application of Number (R27), establishing a new skill qualification (Digital Literacy to replace ICT: R28), and the incorporation of new Essential Employability Skills within the Suite. In essence, recommendations from the review have been instrumental in shaping the qualifications to ensure greater clarity, relevance and reliability within the following skills:

- Communication
- Application of Number
- Digital Literacy
- Critical Thinking and Problem Solving
- Planning and Organisation
- Creativity and Innovation
- Personal Effectiveness

A further recommendation proposed that Essential Skills Wales qualifications should no longer be delivered to learners aged between 14 and 16. This was because schools reported difficulties in generating evidence for qualifications that had been designed

primarily for other learning contexts. The new GCSEs within the Welsh Baccalaureate will be used to assess literacy and numeracy in 14-16 year olds.

Exceptions to this are:

- 14-16 learners will be able to undertake ES qualifications at Entry Level
- 14-16 learners in alternative settings will be able to access ES qualifications at all levels.

Other recommendations in the Review responded to concerns surrounding the efficiency and effectiveness of portfolio-based assessment, the need for a more systematic and robust approach to marking and assessment and the need to include an element of externality in assessment.

The Qualifications – common features

The qualifications reflect several common features, reinforcing the key themes that contributed to their development. In response to the need for learners to develop and consolidate skills coherently, clear progression pathways have been established across the qualifications. All are offered from Entry 1 to Level 3, with the exception of Essential Employability Skills which is available from Entry 3 to Level 3.

All qualifications share the common aim that learners acquire relevant skills valued by employers and next-stage educators and, furthermore, that they are able to demonstrate proficiency in their application. Common aims³ are to:

- structure and consolidate learning, making incidental, naturally occurring, practices explicit
- encourage articulation, analysis of and reflection on the skills and on learners' own proficiency in them, in personalised terms
- increase confidence and effectiveness in the use and application of these skills
- develop an understanding of how to transfer skills to new purposes and contexts
- provide positive and engaging opportunities to further explore, develop, practise and apply the skills, in a range of meaningful and 'real-life' contexts for real-life purposes.

In addition - common to all of the qualifications - is a more rigorous approach to achieving the standards through clear, purposeful assessment of all skills and robust quality assurance.

Assessment⁴

To ensure that the qualifications provide an effective learning experience, assessment will be externally set by awarding bodies and undertaken through a combination of formal **summative** methods, as applicable to each skill. These are the **Controlled Task, Confirmatory Test** and **Structured Discussion**.

In order to achieve the qualification in **Essential Application of Number Skills** and **Essential Communication Skills** at Levels 1, 2 or 3, learners must demonstrate their skills in **both a Controlled Task and a short Confirmatory Test**.

In order to achieve the qualification in **Essential Digital Literacy Skills** and **Essential Employability Skills**, learners must demonstrate their skills in **both a Controlled Task and a short Structured Discussion**.

The **Controlled Task** measures subject-specific skills and learners must demonstrate that they can use skills in a holistic manner, relevant to real-life circumstances.

Controlled Tasks⁵ are:

- externally set (or approved) by an awarding body
- presented unseen to learners and completed under controlled conditions
- internally assessed by centres, using marking criteria provided
- internally quality assured by centres
- moderated/externally quality assured by the awarding body.

The Task must be completed under controlled conditions within a maximum of a consecutive eight-week period. Guidance on the Controlled Task environment/conditions is outlined in the Awarding Bodies 'ESW Suite of Qualifications Handbook'.

Learners will be provided with most of the source material required to complete a Controlled Task. Any additional **supervised** research required for a particular Controlled Task may take place outside of the maximum number of allocated hours, but **must** be within the consecutive eight-week period⁵.

Controlled Task duration will differ in relation to level and/or skill:

- up to 6 hours at Entry Level (for EDLS and EES)
- up to 4 hours for Level 1
- up to 5 hours for Level 2
- up to 8 hours for Level 3

⁴ Please refer to the Awarding Bodies' 'ESW Suite of Qualifications Handbook' 4.1

⁵ Please refer to the Awarding Bodies' 'ESW Suite of Qualifications Handbook' 4.3

Additional time may be allowed if extenuating circumstances apply. Organisations must refer to awarding bodies for information and agree special arrangements with the awarding body whose qualifications are being delivered. This must be undertaken prior to the learner starting the Task⁶.

The purpose of the **Confirmatory Test** and **Structured Discussion** is to confirm learners' underpinning knowledge and skills.

Confirmatory Tests are:

- intended as a summative assessment of a learner's knowledge
- taken after successful completion of the relevant Controlled Task
- not to be taken at the start of a course or before it has been established that a learner has all of the required skills
- externally produced by awarding bodies
- treated as confidential material by centres
- taken unseen by learners and completed unaided (other than where assistance is allowed under the Access Guidance)
- externally marked
- compliant with guidance provided by the relevant awarding body and within relevant sections of this document.

Structured Discussions are:

- one-to-one between learner and assessor
- not question and answer sessions
- carried out following successful completion of the Controlled Task in EDLS
- sometimes appropriate for use as supplementary evidence for a Controlled Task in EES
- related to a learner's response to the Controlled Task
- assessment opportunities that require learner preparation
- recorded in some way.

The Controlled Task, Confirmatory Test and Structured Discussion are **summative assessments**. Learners should undertake the assessments following teaching and learning when they have developed relevant skills at the required level. Learners may undertake a **different** Controlled Task or Confirmatory Test at another time if they do not pass.

The Test should be made accessible to those with particular assessment requirements, without compromising achievement at the required standard. Initial assessment must be used to identify any necessary individual support or adjustments

⁶ Please refer to the Awarding Bodies' 'ESW Suite of Qualifications Handbook' 4.6.1

and these must be agreed with the awarding body prior to the test being started by the learner.

Further details relating to specific delivery and assessment requirements for each skill at each available level are outlined in subsequent sections of this document.

Quality assurance arrangements must be undertaken in accordance with guidance provided by relevant awarding bodies.⁷

Awarding body regulations must be complied with. These may relate to levels of experience for practitioner, assessor and internal quality assurance staff and expectations in terms of the currency and adequacy of their CPD.⁸

Essential Communication Skills

Amplification of assessment requirements

Levels 1, 2 and 3

These qualifications are about demonstrating skills in:

- Speaking and listening
- Reading
- Writing

Level 1:

In familiar contexts some of which will be formal, connected with education, training, work or social roles.

Level 2 and Level 3:

In familiar and less familiar contexts some of which will be formal, connected with education, training or social roles.

Notes:

1. 1. Each level of the skill incorporates and builds on the previous levels. For example, in C3.3 at Level 1 the requirement is to 'use punctuation correctly'; at Level 1 this includes capital letters, full stops, question and exclamation marks; at Level 2 the requirement is for all of these, but also commas, apostrophes and inverted commas; whereas at Level 3 semi-colons and other punctuation to support communication of complex subject matter is expected.
2. 2. At Level 1 subject matter and materials will be straightforward; at the higher levels subject matter and materials will be increasingly more complex.

Assessment

Learners will be assessed via a Controlled Task and a short Confirmatory Test to confirm that their skills meet Essential Communications Skills Specifications at the required level.

Controlled Task and Confirmatory Test Specification

Introduction

- The Essential Communication Skills qualification will be awarded to learners who demonstrate that their skills meet the Specification in both the Controlled Task and the externally assessed Confirmatory Test.
- The Controlled Task measures subject- specific skills that may not necessarily be assessed in the Confirmatory Test and must show learners utilising the skills in a holistic manner that requires meaningful application, relevant to real-life circumstances.
- Both the Controlled Task and the Confirmatory Test are summative. Learners should take the assessments when they have developed the skills at the required level. The pass mark is set at a level to reflect this expectation.

Controlled Task Specification

- Controlled Tasks are externally set by awarding bodies.
- All Tasks will meet the requirements of the Controlled Task Specification and the Essential Communication Skills Specification. A marking guide will be produced to accompany each Task, explicitly referencing the assessment requirements and the specification.
- The Task is designed to support the assessment of Reading, Writing and Speaking and Listening skills in an integrated, holistic way. However, each part of the assessment may focus upon a different topic, purpose and audience.
- Practitioners/Assessors can be present and may provide learners with the opportunity to clarify task requirements during the working period however this must not extend to any form of formative assessment. For example, recommending that a learner should review spelling punctuation and grammar would be inappropriate. Appropriate clarification could be recommending the learner re-read a particular section of the task specification.

Duration:

- Level 1 - up to 4 hours
- Level 2 - up to 5 hours
- Level 3 - up to 8 hours.

The Task will be designed to be completed in its entirety within the maximum hours stated for each level. The Task must be completed under controlled conditions within a maximum of a consecutive eight week period.

At Level 2 and 3 additional reading and research activity (for the Talk/Presentation) can take place outside of the specified maximum hours but must be within eight week period.

Controlled Test Specification

- The Confirmatory Test must be completed in addition to the Controlled Task.
- All Tests will be based on a common specification. They will consist entirely of fixed-response (multiple choice) items delivered as either an onscreen or paper-based test. Each Test at:
 - Level 1 will involve a maximum of 20 items and is intended to have a maximum duration of approximately 30 minutes.
 - Level 2 will involve a maximum of 20 items and is intended to have a maximum duration of approximately 45 minutes.
 - Level 3 will involve a maximum of 30 items and is intended to have a maximum duration of approximately 60 minutes.
- Each multiple choice item will have one correct answer, with strong distractors. Each item will be worth one mark.
- Unlike the Controlled Task, the Test may not explicitly assess problem solving capabilities, although the questions will be broadly scenario-based using everyday contexts that are likely to be relevant and engaging to 16+ and adult learners across a wide range of settings.

Examples of contexts which might provide opportunities to develop suitable questions include:

- family and home
 - leisure
 - education, training and work
 - community and citizenship
 - media and communications
 - social issues.
- Learners are expected to demonstrate the resilience necessary to complete the test in one sitting.
 - Test materials provided by awarding bodies will be free of any form of bias (for example, gender, ethnicity, or age-related) that might favour or disadvantage any learner or groups of learners.
 - All Tests will be conducted under invigilated conditions (in compliance with the requirements of the JCQ ICE or similar). All responses must be generated entirely

by the learner without third party assistance with any material aspect of the assessment.

- Dictionaries (of any kind) may not be used during any of the Essential Communication Skills Tests.
- The pass mark for each test will be set by the awarding bodies following an agreed procedure.

Confirmatory Test

Essential Communication Skills at Level 1

The Essential Communication Skills Test at Level 1 will assess both Reading and Writing skills. It will involve at least two source documents, each providing a scenario and/or information to support a series of questions.

The Test consists of 20 items, structured as follows:

	Skills being assessed (the learner needs to know how to)	Covered	Number of items/marks	Weighting
C1.2	a) identify the main points and ideas in documents and images	Always	2 - 3	10 -12 items
	b) read and understand relevant key words and phrases to suit your purpose	Always	2-3	
	c) recognise the purpose of a variety of documents	Always	2-3	
	e) obtain information from text and images, including inferring meaning that is not explicit in the document, if required	Always	2-3	
C1.3	d) construct sentences accurately, including compound sentences, using appropriate conjunctions	Always	2	8-10 items
	g) use language suitable for purpose and audience	Always	2	
	i) spell correctly	Always	1-2	
	j) use punctuation correctly	Always	1-2	
	k) use grammar correctly	Always	1-2	
	Total		20	

Essential Communication Skills at Level 2

The Essential Communication Skills Test at Level 2 will assess both Reading and Writing skills. It will involve at least two source documents, each providing a scenario and/or information to support a series of questions.

The Test consists of 20 items, structured as follows:

	Skills being assessed (the learner needs to know how to)	Covered	Number of items/marks	Weighting
C2.2	a) use a variety of strategies to identify:			10-12 items
	i. the main points	Always	3	
	ii. ideas, including by inference	Always	3	
	iii. lines of argument, and reasoning from text and images, including by inference	Always	2-3	
	b) recognise the writer's purpose and intentions, including where they are implicit	Always	2-3	
C2.3	e) construct complex sentences using a variety of appropriate conjunctions	Always	2	8-10 Items
	i) use formal and informal language to suit different purposes and audiences	Always	2	
	j) spell correctly	Always	1-2	
	k) use punctuation correctly	Always	1-2	
	l) use grammar correctly	Always	1-2	
	Total		20	

Essential Communication Skills at Level 3

The Essential Communication Skills Test at Level 3 will assess both Reading and Writing skills. It will involve at least three source documents, each providing a scenario and/or information to support a series of questions.

The Test consists of 30 items, structured as follows:

	Skills being assessed (the learner needs to know how to)	Covered	Number of items/marks	Weighting
C3.2	a) use a variety of strategies to identify:			14-16 Items
	i. the main points	Always	3-4	
	ii. ideas, including by inference	Always	3-4	
	iii. lines of argument, and reasoning from text and images, including by inference	Always	4	
	c) recognise the writer's purpose and intentions, including where they are implicit	Always	3-4	
C3.3	d) use an appropriate style and tone to suit your audience, the degree of formality required and the nature of the subject		4	14-16 items
	g) spell correctly	Always	3-4	
	h) use punctuation correctly	Always	3-4	
	i) use grammar correctly	Always	3-4	
	Total		30	

Essential Communication Skills Practitioner/Assessor Guidance

Essential Communication Skills Specification – Level 1

The table below shows the skills learners will need to have in order to achieve the Essential Communication Skills qualification. These skills should be taught before learners complete the *Controlled Task* and *Confirmatory Test*. The 'guidance' in the third column supports the requirements of the first two columns.

C1.1 Speaking and Listening

C2.3 Writing

Learning outcome <i>(ECommS Specification)</i>	You need to know how to: <i>(skills needed)</i>	Learner guidance <i>(guidance on the skills you need)</i>
<p>C2.3</p> <p>Write documents that communicate different information to different audiences using language that is appropriate to purpose and audience.</p>	<ul style="list-style-type: none"> a) summarise information from reading and /or other sources to suit purpose b) plan and draft writing c) present relevant information, ideas and opinions in document types that suit both purpose and audience d) make meaning clear e) construct complex sentences using a variety of appropriate conjunctions f) organise writing in paragraphs that help to make meaning clear g) structure writing to help readers follow and understand main points h) present information and ideas in a logical or persuasive sequence i) use different styles of writing including formal and informal language to suit different purposes and audiences j) spell correctly 	<p>purpose</p> <p><i>e.g.</i></p> <ul style="list-style-type: none"> ● explain e.g. steps needed to complete a task such as how to change a wheel or directions to get somewhere ● instruct e.g. fire evacuation procedures, how to prepare a meal, how to make something ● narrate e.g. giving an account of an accident or a night out ● describe e.g. a place, a book, a person ● persuade e.g. a friend to go to an event with you; an advert to sell something ● inform - writing to tell someone what is happening e.g. details of an event. <p>plan</p> <p><i>e.g. brief notes, flow charts, spider diagrams, a bullet pointed list or anything that shows that you have planned and prepared before writing.</i></p>

	<p>k) use punctuation correctly</p> <p>l) use grammar correctly</p> <p>m) check and, where necessary, revise document</p>	<p>draft</p> <p>Your first attempts at writing after the planning stage. You might hand write this or type it. Your first version might include notes showing where changes need to be made.</p> <p>(c) different documents</p> <p><i>e.g. letters, articles, web pages, emails official notices, leaflets, brochures, essays, reports.</i></p> <p>(c) text types</p> <p><i>e.g. explanatory, instructive, narrative, descriptive, persuasive, informative.</i></p> <p>This includes organising your written work in a logical and/or persuasive sequence, using paragraphs and features such as headings and subheading and understanding which format, structure and layout are best for which sort of task.</p> <p><i>e.g. table for information for reference/comparison, numbered points to separate stages in a process, paragraphs to develop an argument</i></p> <p>(i) style of writing</p> <p>Your style of writing includes choice of vocabulary, sentence length and how text is organised.</p> <p>(j) spell correctly</p>
--	---	---

This includes correct spelling of words used most often in work, studies and daily life including familiar technical words.

(j) use punctuation

You must be able to use

- capital letters, full stops, question marks and exclamation marks correctly.
- apostrophes to shorten words e.g. didn't, I'm, we're; and to show belonging e.g. child's book
- commas for lists and clauses
- inverted commas for direct speech and quotations for lists and clauses

You need to know when not to use an apostrophe
e.g. its and it's

(l) grammar

You must be able to

- construct and effectively use simple, compound and complex sentences
- check subject-verb agreement
- use correct tense
- Use pronouns so that their meaning is clear
- Understand how these link to the concept of first, second and third person, singular and plural and subject-verb agreement

(m) check and revise document

		As well as checking spelling, grammar and general meaning, proof-reading will help you to identify when your writing is not clear, too long or when you have repeated yourself.

--	---	---

	<p>m) give and respond constructively to feedback, including criticism</p> <p>n) use strategies to show listening and to clarify and confirm understanding</p> <p>o) identify the speaker's intentions</p> <p>p) use appropriate varied and specialist vocabulary and expressions to suit topics, purposes and situations</p> <p>q) confirm that listeners understand meaning</p> <p>r) provide further detail and development to clarify or confirm understanding</p> <p>s) use appropriate strategies, including language and non-verbal communication to support speech</p> <p>t) adapt language and speech to suit different subjects, purposes and situations</p>	<p>(i) images and other support materials</p> <p>Must be included in the presentation to aid understanding of the written or spoken words and cannot be wholly text based.</p> <p>images: <i>e.g. charts, diagrams, pictures, drawings, graphs</i></p> <p>other support material <i>e.g. models, reflective jacket to demonstrate health and safety, piece of equipment to demonstrate its use, playing music to demonstrate musical style, providing food to help explain flavours.</i></p> <p>(k) complex instructions – involves communicating a multi-stage sequential process.</p> <p>(m) respond constructively</p> <p>You do not have to accept everything other people say. However, you must be able to explain why you agree, disagree or reject a point of criticism.</p> <p>(n) You need to know and apply strategies for listening and speaking with care when exchanging opinions and judgements.</p> <p>strategies to show you are listening and understanding <i>e.g. body language, nodding or saying 'yes', asking questions that help you to understand, repeating/confirming what the speaker has said etc.</i></p>
--	--	--

(p) Develop your vocabulary, especially technical language specific to your vocational area. Practise using these words in preparation for your talk/presentation.

(q) Be aware of audience understanding – practise your skills in explaining/ simplifying/adding detail.

strategies to support understanding for talk/presentation

e.g. structuring talk/presentation to present information in a clear sequence including introduction, conclusion and cues to signal key points

(s) strategies to support speech

e.g. body language, brief affirmative responses, asking questions to clarify points, repeating/confirming, facial expression, gestures, emphasis.

- using a style of language to suit the subject purpose of the talk
- clear articulation
- adapting volume, pitch and/or pace to suit the situation (number of listeners/ size of room/noise level
- varying tone of voice to keep audience attention
- taking account of nature/status of audience (level of formality)
